# About SRCAC

Southern Regional Children's Advocacy Center is one of four regional training and technical assistance centers in the United States. We provide training and consultation to Children's Advocacy Centers, Chapters, and MDTs in the southeastern United States. As a program of the National Children's Advocacy Center (NCAC), we work collaboratively to champion and strengthen the global response to child abuse.

## National Children's Advocacy Center Values

We are passionate about making the world a better place.

We welcome innovative ideas & new perspectives.

We thrive by learning, collaborating, & celebrating.

We help each other succeed.
